

Prior Authorization for the Harmony Prenatal Test

Ariosa Diagnostics recognizes that various insurers are increasingly requiring prior authorizations in connection with certain molecular and genetic testing, including the Harmony Prenatal Test.

We have contracted with a company called Cover My Test to help assist us with ensuring that prior authorizations are submitted to payors when required so that our laboratory is able to receive payment for the medically necessary testing services we provide.

Cover My Test offers prior authorization services to clinical laboratories and is now available to support the Harmony Prenatal Test.

The enrollment process requires 3 basic steps:

1. Complete the online enrollment form at covermytest.com
2. Sign the Cover My Test HIPAA Business Associate Agreement and Provider Authorization Agreement
3. Provide AIM and Beacon portal login credentials to Cover My Test

Have any questions?

The Ariosa Client Services team is available to assist you Monday through Friday 6:00am to 5:00pm PST and can be reached by phone at (855) 927-4672 or via email at sjc.clientservices@roche.com.

Disclaimer:

The Harmony Prenatal Test was developed by Ariosa Diagnostics, a CLIA-certified laboratory. As with other lab-developed tests, it has not been cleared or approved by the FDA and is not available for sales as an IVD in the U.S. Non-invasive prenatal testing (NIPT) based on cell-free DNA analysis is not diagnostic; results should be confirmed by diagnostic testing.
