

Wednesday, 22 May

EDUCATIONAL WORKSHOP

12:30 – 13:30
Room 115

Integration of lab results into the diagnostic pathway

Chair: Prof. Dr. med. Luca Giovanella
Centre for Thyroid Diseases,
Bellinzona, Switzerland

Immunoassay interferences: Facts, insights and a pragmatic approach

Nam K. Tran, PhD, HCLD (ABB), FACB,
UC Davis, USA

The clinician's approach to immunoassay results

Prof. Dr. med. Luca Giovanella,
Centre for Thyroid Diseases,
Switzerland

IN-BOOTH PRESENTATIONS

10:15 – 10:30

Early diagnosis of acute myocardial infarction when troponin is measured on 2 different instruments of the same type

Prim. Univ.-Doz. Dr. med.
Alexander C. Haushofer,
Inst. of Med. and Chem. Lab
Diagn., Klinikum Wels-
Grieskirchen, Austria

14:00 – 14:15

The changing landscape of emerging arboviruses

Prof. Jan Felix Drexler,
Institute of Virology, Charité –
Universitätsmedizin Berlin,
Germany

14:30 – 14:45

Preeclampsia: The sFlt-1/PIGF ratio: A novel tool to improve pregnancy care

A. Sofia Cerdeira, MD, PhD,
Nuffield Department of
Obstetrics and Gynaecology,
Somerville College, University
of Oxford, UK

MEET KENJI ROBOT SHOW

Meet Kenji
a concept for artificial
intelligence and
robotics in the lab of
the future.

HITACHI

11:00 – 11:10

13:00 – 13:10

15:00 – 15:10

at the Roche booth #98

Experience the power of innovation

Roche Diagnostics at EuroMedLab 2019

Event program

Join us on the journey

to the lab of the future
WHERE CARE LEADS

Monday, 20 May

EDUCATIONAL WORKSHOP

12:30 – 13:30
Room 115

Applied use of digital solutions in laboratory medicine

Chair: Prof. Philip Quirke
University of Leeds, UK

Challenges and opportunities for a large automation laboratory to build the digital future

Dr. Emerson Gaspareto,
CMO Dasa, Brazil

Implementation of a digital eco-system to develop clinical algorithms

Prof. Philip Quirke, Leeds, UK

IN-BOOTH PRESENTATIONS

10:15 – 10:30

Roche Digital Diagnostics
Actionable Insights. Meaningful Outcomes

Youssef Khayali, Life Cycle Leader Roche Diagnostics, Switzerland

14:00 – 14:15

The future and present of digital solutions
In a new laboratory

Dr. Fabián Fay, President Laboratorio CIBIC, Argentina

14:30 – 14:45

IT and the National Health Service

Tosh Mondal, IT Director, Royal Free London NHS Financial Trust, UK

15:30 – 15:45

Smarticles technology: A novel molecular method for rapid phenotypic antimicrobial susceptibility testing

Michael Lewinsky, Sr. Director, Medical Affairs, Roche Molecular Systems, USA

MEET KENJI ROBOT SHOW

Meet Kenji
a concept for artificial intelligence and robotics in the lab of the future.

 **HITACHI**

11:00 – 11:10
13:00 – 13:10
16:00 – 16:10

at the Roche booth #98

Tuesday, 21 May

EDUCATIONAL WORKSHOP

12:30 – 13:30
Room 115

Evidence based value care delivery

Chair: Dr. Antonio Leon Justel
Hospital Virgen Macarena, Sevilla, Spain

Reinventing Healthcare

Lucien Engelen,
Director RShape Center, Radboud umc, Netherlands

Value based innovation in heart failure patient management

Dr. Antonio Leon Justel,
Hospital Virgen Macarena, Sevilla, Spain

IN-BOOTH PRESENTATIONS

10:15 – 10:30

The integrated micro-biology lab – opportunities and challenges

Prof. Dr. Benito J. Regueiro,
Hospital Álvaro Cunqueiro (SERGAS), Vigo, Spain

14:00 – 14:15

The value of AMH from fertility assessment to personalized treatment

Prof. Dr. Nikolaos P. Polyzos,
Dexue University Hospital, Barcelona, Spain

14:30 – 14:45

Health Technology Impact™
Understand how technology investments will influence your P&L.

Nicolo Olghi, Roche Healthcare Consultant, Roche Diagnostics, Switzerland

15:30 – 15:45

Increasing efficiency through Lean Consulting
A Field Report from the High Throughput Laboratory

Dr. Josef van Helden, Head of Analytics Division, Laboratory Mönchengladbach, Germany

MEET KENJI ROBOT SHOW

Meet Kenji
a concept for artificial intelligence and robotics in the lab of the future.

 **HITACHI**

11:00 – 11:10
13:30 – 13:40
16:00 – 16:10

at the Roche booth #98
